Wine List

Lanzerac.

The winelands at it's finest.

Introduction

Lanzerac's winemaking history started in 1914 when the owner, the formidable Mrs Elizabeth Katherina English, bottled the first Lanzerac wine from grapes grown on her land where there were believed to have been 21 imported varietals growing.

The present Lanzerac winemaking team honours the memory of this formidable lady through the Mrs English Chardonnay.

The year 1925 saw the birth of South Africa's first indigenous wine grape variety, Pinotage, which was a cross between Pinot Noir and Hermitage. In 1961, Lanzerac became the first winery in the world to use the term 'Pinotage' on their label when they marketed the 1959 vintage under the name 'Lanzerac'.

This visionary release marked the birth of Pinotage as a unique variety from South Africa. To this day, Lanzerac, under the leadership of Cellar Master Wynand Lategan and viticulturist Michael Roets, is still producing award-winning Pinotage wines along with a wide variety of other cultivars of excellent quality.

Sparkling Wine

Cap Classique

Cap Classique is the term that describes the South African bottle-fermented sparkling wines produced in the French Méthode Champenoise style, whereby the second fermentation has to take place in the bottle that the wine will be served from. The name was derived from the fact that the classic art of winemaking was introduced to the Cape by the French Huguenots. The first bottle-fermented sparkling wine, called Kaapse Vonkel (Cape Sparkle), was produced in South Africa in 1971. Pinot Noir and Chardonnay are commonly used to make the premium styles of these wines, but other varieties like Sauvignon Blanc and Chenin Blanc are also extensively used. These sparkling wines are perfect for celebrations!

Sparkling Wine

Champagne

Champagne, a sparkling wine produced in the Champagne region of France and primarily made from Chardonnay, Pinot Noir and Pinot Meunier grapes, must be made in the Méthode Traditionnelle, meaning the second fermentation process must take place in the same bottle that it is served from. The history of the invention of sparkling wine sparks debate as the French Benedictine monk (Dom Perignon) is often and erroneously credited with having invented sparkling wine in 1697. Records, however, have shown that an English physician, Christopher Merret, had documented attempts to intentionally create a sparkling wine long before Perignon. It is clear, however, that the French played the most important role in perfecting the art of making sparkling wine.

Powerful and complex on the palate, revealing a mixture of yellow fruit (Mirabelle plum), juicy, ripe fruits (nectarine), citrus peel (candied orange) and finely-roasted nuts (hazelnut). The nose is simultaneously powdery and sweet, with elegant, chalky notes. Gentle, tactile and full-bodied on the palate. The bubbles create a gentle, vibrating sensation, then the wine becomes soft, dense and juicy. But it is the chalky freshness that quickly sets the tone: the sweetness becomes energetic and intense, giving the wine an elegant yet powerful texture. Fine, textured tannins reveal a poised and vinous dimension to the wine. The finish is savoury and saline.

Sparkling Wine

Cava & Prosecco

CAVA

This is a Spanish bottle-fermented sparkling wine. Cava is typically made from Spanish indigenous grape varieties, namely Macabeo, Parellada and Xarello. The production of Cava was adopted by the Spanish from the French in the late 19th Century when Joseph Ravento of the Codorníu Winery in Catalonia visited Champagne and returned to make Cava in 1872. Like many traditional sparkling wines, Cava is made in a range of styles from very dry and off-dry, to sweeter.

PROSECCO

A sparkling wine from the great winegrowing region of Veneto in Italy. The grape variety that is essential for the production of Prosecco is called Glera, although small amounts of other varieties such as Chardonnay, Pinot Noir and Pinot Grigio may be blended with it. Unlike Champagne or Cap Classique that are made using the Traditional Method, Prosecco is mainly produced using the Transfer Method (Charmat), where the second fermentation happens in pressurised stainless steel vessels. This method produces wines with a fruity and floral nose.

Rosé & Blanc de Noir

Rosé

These are pink wines, usually light-bodied and made by incorporating the colour of red grape skins to white juice. It is essential to understand that many red-wine grape varieties have white juice and the colour of red wines comes from the period of skin contact after crushing. There are three major ways of making rosé wine, namely short skin contact, bleeding off, and blending of red and white wine. It may be the oldest known type of wine as it is the most straightforward to make, especially using the skin contact method. The pink colours can range from a pale 'onion skin' orange to a vivid near-purple, depending on the varieties and winemaking techniques used. Fresh, fruity, light rosé wines are perfect for summer.

Pinot Blanc & Gewürztraminer

PINOT BLANC

Much uncertainty surrounds the early history of this variety as to whether it is a genetic mutation of Pinot Noir or related to Chardonnay as its old name Pinot Chardonnay may suggest. For many years Pinot Blanc and Chardonnay were mistaken for each other, as this grape produces wines that are very similar to and usually blended with Chardonnay.

KELDERMEESTER VERSAMELING BERGPAD 2018 JONKERSHOEK, STELLENBOSCH

510

Exclusively made by our cellar master from a single vineyard on the Stellenbosch Mountain overlooking the Lanzerac facilities, Bergpad is a complex, full-bodied wine with an interplay of stone fruit and white floral notes. On the nose is preserved quince, violets, lavender and pears which follows through to the palate, where creaminess and softness enter at the mid-palate, and linger on the extended finish.

GEWÜRZTRAMINER

Gewürztraminer is, without a doubt, the most distinctively aromatic of all the white grapes. Its origins come from the Traminer variety, a green-skinned grape that takes its name from the village of Tramin, located in South Tyrol, the German-speaking province in northern Italy. It was spread to Alsace, where gewürz (spice) was added to its name. This variety produces an exotic, spicy, perfumed wine that has flavours of litchis and seems full-bodied, even if it isn't. It performs best in cooler climates.

NEETHLINGSHOF 2022 STELLENBOSCH

250

Pale lemon in colour with pronounced aromas of litchi, ripe yellow apples, rose petals and hints of Turkish delight finishing off with hints of marmalade on the palate.

White Wine

Pinot Gris / Pinot Grigio & Viognier

PINOT GRIS AND PINOT GRIGIO

Pinot Gris and Pinot Grigio are in fact the exact same grape variety but the names have come to infer two different styles of wine. The immensely popular Italian-style (Pinot Grigio) wines are typically lighter-bodied, crisp and fresh with vibrant stone fruit and floral aromas, and a touch of spice. In contrast, the French Pinot Gris wines from the region of Alsace are more full-bodied, richer, spicier and more viscous in texture. They also tend to have greater cellaring and ageing potential. In South Africa Pinot Gris/Grigio is mostly made in a dry style.

IDIOM BIANCO 2020/21 STELLENBOSCH

350

Light straw in colour with citrus zest, floral honeysuckle, and hints on flinty minerality on the nose. Elegant mouthfeel with flavours of passion fruit, ripe melon, and stone fruits. USANA 2022 STELLENBOSCH

330

Crisp and refreshing, this Pinot Gris displays hints of green apple, pear and sweet honeydew melon, and a fresh, flinty edge. A smooth, subtly silk-like overtone leaves a distinctive impression on the palate. A refreshing finish.

VIOGNIER

Viognier's home is in France's northern Rhône appellations of Condrieu and Côte-Rôtie. However, it is thought to have originated in Dalmatia (Bosnia) and was imported into France around 280 AD. An early ripener and very hard to grow even in perfect conditions, it has an exuberant character that is generously perfumed and opulent but dry. In spite of lower levels of acidity, it is full-bodied with seductive flavours of apricot, peach, musk and lime blossoms.

TAMBOERSKLOOF 2023 STELLENBOSCH

500

A light golden wine with aromas of tangerine, orange blossom and rose following through with peaches to the palate. The palate offers additional spices and apricot, along with texture which creates a lingering finish.

White Wine

Semillon & Verdelho

SEMILLON

The Semillon grape is native to the Bordeaux region of France. A variety that produces wines considered to be perfectly food-friendly, it is appreciated for its rounded, lanolin-like quality with honey and citrus tones that are only enhanced by oak ageing. Grown mainly in the cooler regions of South Africa, these wines are usually blended with Sauvignon Blanc to add body and structure. As a single varietal wine, Semillon often displays herbaceous, grassy flavours when young but with age this wine becomes rich, luscious, even more lanolin-textured, and increasingly honeyed and toasty.

DAVID NIEUWOUDT GHOST CORNER 2017/19 ELIM

490

An aromatic Semillon displaying aromas of green fig, white fruit and nettles characteristic of the cool climate in Elim. A distinct minerality with a slight earthiness on the nose follows through onto the palate. A small amount of French oak adds a hint of smokiness, leading to a creamy palate with a crisp acidity.

RICKERTY BRIDGE PAULINA'S RESERVE 2021 FRANSCHHOEK

449

Lime and apple aromas layered with nuances of honeyed beeswax. The rich elegant palate of honey and citrus is perfectly balanced with well-integrated oak notes, minerality and a delightful lingering creamy finish.

VERDELHO

A Portuguese variety popularly known for its contribution to the famous fortified wines of the Madeira Islands, there are very few plantings of this variety in South Africa and the grapes are usually destined for a few blended table wines. Only a few winemakers are producing single varietal Verdelho wines with success.

STELLENBOSCH VINEYARDS 2018 STELLENBOSCH

White Wine

Grenache Blanc & Roussanne

GRENACHE BLANC

Grenache Blanc (Garnacha Blanca) is a white grape variety that is related to the red grape Grenache Noir. It originated in northern Spain but is also found in the Rhône region of France. It is an important variety in the Rhône Valley, where it is often blended with Roussanne in the famous white wines of Châteauneuf-du-Pape.

THE FOUNDRY 2021 VOOR PAARDEBERG

610

Lifted floral aromas with hints of lemon cream and white stone fruit. The palate is rich but restrained with focused, pure fruit, a mineral mid-palate with a characteristic rich, fleshy mouthfeel and texture, and a long finish with a citrus tang.

ROUSSANNE

Roussanne is a white Rhône variety that gets its name from the russet tone (roux) of its skin. Together with Marsanne, with which it is often blended, Roussanne is one of only two cultivars permitted in the white versions of the northern Rhône red-wine appellations of Hermitage, Crozes-Hermitage and Saint-Joseph, and in the exclusively white, often sparkling Saint-Péray. In the southern Rhône, Roussanne is one of four varieties allowed in white Châteauneuf-du-Pape. As a varietal wine or blending component, the variety remains a tiny factor in the Cape's vineyards.

KEN FORRESTER RESERVE 2022 STELLENBOSCH

White Wine

Bukettraube & Sylvaner

BUKETTRAUBE

Thought to be German, although there is a variety in Alsace, France, called Bouquettraube, which is said to have originated in Würzburg ('Buket' is German for bouquet). Still grown in Alsace on a small scale, Bukettraube has not been a great traveller. First imported to South Africa in 1967, the variety adapted well. South Africa appears to be the only country outside Germany and France to have any plantings and bottles it as a single varietal wine.

CEDERBERG 2022

CEDERBERG

320

Prominent Muscat flavours with apricot and floral notes on the nose. A well-balanced wine with a delicate sweetness and a crisp acidity. Can be enjoyed as an aperitif.

SYLVANER

Red Wine

Pinotage

South Africa's own grape – a cross between Pinot Noir and Cinsault (Hermitage) that was created by Stellenbosch University's first Professor of Viticulture, Professor Abraham Izak Perold, in 1925. The first commercial bottling of this variety was done at Lanzerac from the 1959 vintage and the wine was released in 1961. This Pinotage was voted the best wine at the Cape Young Wine Show in 1961, leading to many producers developing some interest in making wine from this variety. When young, Pinotage wines are packed with plum and berry flavours, which then soften and develop associations with prunes, cherries and cassis, as well as red and black berries. Usually medium-to full-bodied, sometimes with a sweet sensation on the finish, and with a complexity that makes Pinotage age well for up to 10 years and more.

Red Wine

Merlot

Merlot is one of the primary grapes in Bordeaux, where it is the most widely planted variety. It was introduced to the Cape winelands around 1910, although it was only from the mid-1980s that the wine 'took off' as a variety bottled on its own. It remains a popular component in the country's Bordeaux-style blends, and is grown throughout most of the winelands, though predominantly in Stellenbosch and Paarl. The wine usually appears as dark purple or blue coloured, and has a fresh and fruity taste, full of red fruits.

The wine has a fragrance of ripe red fruits such as plums and dark cherries, with earthy complexity and yet still expressing minerality. Maintaining a good acidity lends to outstanding freshness with a well-integrated ripe and seductive tannin structure. Incorporating a minimal winemaking intervention approach, such as natural ferment and only two "punch downs" daily, retains silkiness and elegance.

Red Wine

Shiraz / Syrah

Although some reckon that Shiraz/Syrah originated in the town of Shiraz in Iran and others argue that it came from Syracuse in Sicily, in fact the variety originated in the Rhône Valley of France. This grape delivers a wine that is probably the most exotic of all the reds, with immense concentration and complexity. It thrives in warmer climates which is why South Africa is one of the leading producers. Our full-bodied Shirazes are powerful wines, headily rich, with gamey and ripe berry fruit flavours, and considerable alcohol levels. They are multi-dimensional with layers of raspberries, blackberries and blackcurrants, full of mixed spices, leathery with dark chocolate flavours, rich and smoky oakiness, and sometimes a hint of tar.

Red Wine

Cabernet Sauvignon

Described as the 'King of Grapes', Cabernet is associated with some of France's finest, with Bordeaux considered to be its home. This popular variety has been cultivated throughout the world's major wine-producing countries. It is bottled on its own but is also often blended with Cabernet Franc and/or Merlot, with some combinations also including Petit Verdot and/or Malbec. No record exists to confirm Cabernet Sauvignon's first arrival in South Africa, although it is likely that the variety has been here for over 200 years. By the 1920s it had become one of the country's top-quality red varieties and today it is grown in virtually all of the wine-producing areas. South Africa has made itself one of the go-to countries for consumers looking for a deep red wine with all the traditional flavour of a French Bordeaux. It has become a specialist at producing award-winning Cabernet Sauvignons which are prized by wine connoisseurs all over the world, yielding the familiar aromas and flavours of blackcurrant, cedarwood and lead pencil shavings, with perhaps a whiff of sweet vanilla oak. South African Cabernet is also known to show additional aromas and flavours of green pepper, mint, dark chocolate, tobacco and cloves. As it matures, it takes on the aroma of a forest floor.

Red Wine

Cabernet Franc

Cabernet Franc is one of the major red grape varieties worldwide. It is principally used for blending with Cabernet Sauvignon and Merlot in the Bordeaux style but can also be found as a single varietal bottling. Cabernet Franc is one of the genetic parents of Cabernet Sauvignon although it is lighter, making bright pale red wines, and contributing finesse and a peppery perfume to blends with more robust grapes. Depending on the region and style of wine, additional aromas can include tobacco, raspberry, and cassis – sometimes even violets.

Red Wine

Pinot Noir

Pinot Noir 'took root' in the Côte d'Or in the heart of the Burgundy region in France in the 4th century AD, and in Champagne, where it is traditionally blended with Chardonnay. Of all red wines, Pinot Noir is the one that is associated with the most elegance due to its ability to combine a low tannin structure with a whole spectrum of upfront fruit flavours of raspberries, strawberries, cherries and cranberries, as well as violets and roses.

EDOUARD DELAUNAY 2019 NUITS-SAINT-GEORGES

3 000

Graceful deep red colour with bluish nuances. Nose with slightly smoky scents of tea and incense, with more woody and mineral notes. Very nice attack in mouth, where notes of gingerbread, toast, blackcurrant liquor and chocolate powder combine harmoniously. It is an incredibly complex and expressive wine, which will reveal all its potential with ageing.

HAMILTON RUSSELL 2021/22 WALKER BAY

1 700

Our low-vigour, stony, clay-rich soil, cool maritime mesoclimate, naturally tiny yields of well under 35 hl/ha and our philosophy of expressing our terroir in our wines – give rise to a certain tightness, tannin line and elevated length to balance the richness and generosity of our Pinot noir. Our Pinot noir is not overtly fruity, soft and “sweet” and it generally shows hints of that alluring savoury “primal” character along with a dark, spicy, complex primary fruit perfume.

CATHERINE MARSHALL ON CLAY SOILS 2022 ELGIN

620

Layered and textured true savouriness and earthy forest floor interwoven with concentrated black cherry compote harmoniously supported by mineral tannins.

NEWTON JOHNSON WALKER BAY 2022 WALKER BAY

690

SUTHERLAND 2020 ELGIN

535

This Pinot Noir was aged in French oak barrels for 9 months and shows pure strawberry fruit aromas and lovely perfumed spice and earthy characters on the nose. The wine is wonderfully balanced with a long refined finish.

Red Wine

Malbec

This is a deep-coloured grape long known as one of the five varieties allowed in the blend of red Bordeaux wine. The French plantations of Malbec are now very few and found primarily in Cahors in the southwestern region of France. It is increasingly celebrated as an Argentine varietal wine and is being grown around the world. While the variety can be harsh and tannic in France (usually needing Merlot to soften it), in Argentina, where it is grown extensively, it produces a softer, juicier style of red. In South Africa it produces a plummy, meaty wine, with intense raspberry and mulberry fruit undertones.

DOOLHOF BLOEDKLIP 2018 WELLINGTON

2 358

The nose of this wine is richly dense and savoury with hints of plum, black truffle and appears slightly rustic, almost reminiscent of an old-world classic. The fruit remains pure and concentrated and follows through with well- rounded and well-balanced tannins.

DOOLHOF SINGLE VINEYARD 2022 WELLINGTON

558

Intense garnet to dark purple in colour with vibrant aromas of violets, cocoa, and blackcurrant. The palate shows richness and roundness, with flavours of blackberries and plums.

PAUL WALLACE BLACK DOG 2019 ELGIN

543

Much like the dog the wine is dark in colour, well-muscled intense and full of character. The Black Dog Malbec presents with an intriguing somewhat exotic nose, conjuring up hints of blue berries, black berries, bramble, rhubarb and dark chocolate. The entry onto the palate is a satisfying fruit-filled mouthful of dark fruits linked by a thread of white pepper and nutmeg and held together with amiable tannins – just enough to contribute to food friendliness. The Black Dog Malbec is a truly memorable wine which reflects the natural elegance we have come to expect from Elgin wines.

RAKA 2021 KLEIN RIVER

553

A fragrant Malbec with plums, blackberries and cassis and a smoky tone on the nose. The same fruit flavours carry through on the palate and the plum makes for juicy and jammy tannins complimented by well-integrated oak with a lingering finish.

Red Wine

Petit Verdot

A classic grape variety that is mostly used to add extra power and weight behind the famous Bordeaux-style blends. On their own, these wines are ageworthy and show excellent quality although they require time to settle and enable the taut tannins to mellow. They are concentrated, tannic wines, deep in colour, with ripe berry fruits and they bring a whole range of flavours of strawberry, blueberry, black olive, liquorice, violet and oregano.

STELLENBOSCH VINEYARDS 'THE FLAGSHIP' 2015 STELLENBOSCH

1 168

Deep and rich exemplifying the robust and intense nature of Petit Verdot. This deep ruby-hued wine offers intense dark cherry and blackcurrant flavours with great fruit purity. It has refreshing acidity and rich, complex savoury support. With a succulent and rich mouthfeel coating the mouth for a long after taste of warm spices and dried fruit.

LE BONHEUR 2020 STELLENBOSCH

1 134

The Le Bonheur Petit Verdot Reserve is renowned for its intense colour, fragrant notes of violets, black berries and dried spices. A collector's item that will benefit from cellaring of up to 20 years.

ZORGVLIET 2019 STELLENBOSCH

477

Dark plum coloured with coriander, cloves and fruit cake on the nose. The wine shows dark plum and prune fruit on the palate.

RAKA 2021 KLEIN RIVER

553

A dark plum colour. While the bouquet & palate gives you red berries - cherry and cranberry - on the nose, violets and white pepper. The palate is rich with darker fruits and a dry tannin finish.

Red Wine

Grenache & Cinsault

GRENACHE

One of the world's most widely planted grape varieties, Grenache is a quintessentially Mediterranean red-wine variety. It originated in the northern province of Aragon, Spain, and spread to Rioja and Navarra. Grenache is also the dominant variety in most southern Rhône wines, especially Châteauneuf-du-Pape, wherein it is typically over 80% of the blend. Grenache is also used to make rosé wines in France and Spain, notably those of the Travel district in the Côtes du Rhône. Single variety Grenache wines are increasingly being produced in South Africa with success, with areas such as Piekenierskloof and Swartland being well-reputed sources for premium grapes. These wines display distinctive black pepper and spice – the cloves, nutmeg and cinnamon of a Christmas cake – with red plummy fruit.

DAVID & NADIA 2020 SWARTLAND

880

Rich, ripe yet tart cranberry and redcurrant fruit on the nose; raspberry strides in later. Marvellously dry on the entry, yet proactively scented and intriguing. A spicy and complex palate, with wild strawberry flavours, plenty of tannic grip, bright acidity and a long, mineral-edged finish.

NEIL ELLIS 2010 PIEKENIERSKLOOF

880

Vibrant crimson colour. Perfumed and spicy with rich plummy fruit. A medium bodied palate with good weight. Fine grained fruit tannins complement a rich concentrated palate.

PIEKENIERSKLOOF 2021 PIEKENIERSKLOOF

359

Lots of juicy red berry and strawberry fruit. Well balanced with lively fine tannins and an elegant complexity on a long finish

CINSAULT

Comes from France, where it is spelt Cinsault, not Cinsaut. It is grown mainly in the south, from Provence to the Midi. The variety was imported from the south of France in the mid-19th century and, until the rise of Cabernet Sauvignon in the late 20th century, it was the single most widely planted red cultivar in South Africa at a time when it was better known as Hermitage. Cinsault is used chiefly as a blending component but single varietal bottlings are increasing again. It owes its popularity among farmers to its ability to withstand hot growing conditions and produces wines that have become favourites with chefs and sommeliers alike because of their pairing abilities.

KELDERMEESTER VERSAMELING KURKTREKKER 2022 JONKERSHOEK, STELLENBOSCH

735

This wine has a floral nose with supple, fruity undertones. The palate is silky with an understated length, owing to the use of 100% Cinsaut from a higher altitude vineyard in Jonkershoek.

NEIL ELLIS 2015 GROENEKLOOF

720

Medium in colour with a bright crimson hue, this wine portrays a complex mix of red fruits, spicy notes and perfume. Interesting complexity is gained from subtle ageing in oak. The palate is bright and youthful with cherry and fruit tart flavours. Fine grainy tannins add to the structure of the wine, leading to an elegant finish.

WATERKLOOF SERI- OUSLY COOL 2021/22 STELLENBOSCH

450

The old bush vines gave rise to a soft, vibrant and yet structured wine. It is playful in its aromas with loads of red berries, pronounced florals and slight earthy notes. In the mouth, the prominent fruit aromatics are complemented by soft tannins with great length.

Red Wine

Nebbiolo & Zinfandel / Primitivo

NEBBIOLO

A native of the northwestern region of Piedmont, this variety produces some of the best quality wines in Italy. A variety that prefers cooler conditions, Nebbiolo has experienced some problems with sunburn in South African vineyards. Steenberg from Constantia has included a single varietal Nebbiolo in its portfolio since the late 1990s that is a yardstick for this variety. Wines offer a perfumed nose with plum, strawberry and fruit aromas, and upfront blackberry and dark cherry flavours. A full-flavoured, excellent food wine.

STEENBERG 2015/18 CONSTANTIA

680

The bouquet displays notes of rose petal, dried apricot and fynbos along with notes of leather and cherries. The palate presents the natural tart acidity and grippy tannins of Nebbiolo, accompanied by hints of sour cherries, raspberries and wild strawberries. A pleasing finish of flowers and spice.

ZINFANDEL / PRIMITIVO

Zinfandel is thought to be of European origin and is the same variety as Italy's Primitivo. However, as California's most widely planted red-wine grape at one stage, today it is synonymous with these winelands, where it has been planted since the mid-1880s. In South Africa, plantings are still small and are largely confined to Stellenbosch and Paarl, where they have been around since the 1970s. The variety is associated with rich fruitiness, and dark berry fruit and cherries are often the ones most easily identified. A nose of brambly fruit flavours can develop into a rich, spicy stew with time. Another distinctive aroma is raisins.

IDIOM 2018 STELLENBOSCH

700

Silky and spicy. This elegant, medium-bodied expression of Stellenbosch Zinfandel, also known as Primitivo, exhibits a superb power-to-weight ratio. Aromas of candied raspberry and hibiscus dominate the nose. An effortless entry leads to an explosive revolving tray of bay leaf, tobacco leaf and mulberry flavours dancing on the palate. A refreshing wine with an attractive long finish.

HESS SELECT 2013 CALIFORNIA, USA

970

Generous aromas of sweet purple plums, blackberries, blueberries and brambleberries with some underbrush as a backdrop. While this is a big Zinfandel, it is also balanced and elegant. Blackberry and black raspberry notes with a hint of vanilla on the finish.

Red Wine

Sangiovese & Tempranillo

SANGIOVESE

From central Italy, Sangiovese is the Chianti grape par excellence, responsible in Tuscany for the famous Chianti Classico, Brunello di Montalcino and Vino Nobile di Montepulciano wines. A relative newcomer to the Cape with only a few vineyards planted, interesting single varietal wines have been made by a few producers.

IDIOM 2019

STELLENBOSCH

690

An enticing and emotive wine. This modern and elegant Stellenbosch Sangiovese presents tantalising nose and complex mouthfeel. Initial signature sweet and sour cherry flavours develop into riper, darker fruit notes. Complex gravel, tomato leaf and cinnamon notes combine with savoury spices to enhance the sweet and sour profile of Sangiovese. A silky, well-balanced wine to treasure and enjoy. Try with pork belly and Fiorentina steak.

TEMPRANILLO

Tempranillo, also known as Tinta Roriz in Portugal, is the noblest red grape variety of Spain's Rioja region. The grape takes its name from the Spanish word for early, 'temprano', as it tends to ripen early. In Rioja the variety is famous for producing dark-coloured wines that are capable of ageing without losing their colour. Tempranillo is said to have arrived in the Cape with famous port varieties such as Tinta Barocca and Souzão some 50 years ago as it is especially well adapted to hot climates. Vastly used locally as a blending component in the wines of various port houses in the country, characteristic flavours include plums, blackcurrants, cassis, tea, brown sugar and vanilla.

MARQUES DE MURRIETS GRAND RESERVA 2015 RIOJA

2 761

Over a base of balsamic aromas, there are hints of spices, ripe black berries, cassis, and figs. The delicate aromatic range is completed with mineral and light earth notes. The wine is refined and it has a lively palate, with silky texture that is wrapped by polished tannins and a long, persistent finish. A well-structured wine that has long to live.

BALEIA 2015/18 CAPE SOUTH COAST

450

Blackcurrant and dark cherries on the nose, complemented by leather, nuts, and sweet spices that evolve into deep savoury notes on the palate. A refreshing wine with a lingering finish.

LES CHARMES DE KIRWAN 2010 MARGAUX, BORDEAUX, FRANCE

2 450

A deep ruby colour with aromas of plums, blackcurrants, damsons, cedarwood and a touch of leather. On the medium-bodied palate, really agile, nice ripe tannins that are not intrusive balanced by lovely crunchy fruit and good acidity. A very nice cranberry finish.

CHATEAU DE FERRAND 2015 SAINT-EMILION

2 583

Staying true to the wines of the Saint-Emillion appellation, Château de Ferrand has a garnet colour and an intense nose of ripe fruit and spice. It is clean in the attack with smooth tannins. It then develops very ripe red fruit, blackcurrant, raspberry and blueberry notes and a lingering, elegant finish.

CAMBERLEY PHILOSOPHER'S STONE NV STELLENBOSCH

510

A blend of 45% Cabernet Sauvignon, 40% Cabernet Franc and 15% Merlot. An appealing fruit-laden nose of blackberries and prunes is followed by notes of Sichuan pepper and mint. A concentrated fruity palate with refined elegant tannins and a superb spicy finish.

RUSTENBERG JOHN X MERRIMAN 2021 STELLENBOSCH

590

Cassis, black currant and dark fruits complemented with cigar tobacco and sour cherry notes. As the wine ages its fine-grained tannins soften, and a more savoury palate develops.

MVEMVE RAATS MR DE COMPOSTELLA 2021 STELLENBOSCH

4 500

Deep, dark and intense ruby colour. Blackcurrant and black cherry fruit with hints of violets, cedar and cinnamon. Rich and complex with mineral, blackberry fruit and dark chocolate on the finish. Mourvèdre adds a fulfilling ripeness, with peppery nuances from the Shiraz and the Grenache adding a brush of exotic cinnamon. The taste displays a sense of vibrancy and alertness, leading to creamy layers of flavours and velvety tannins.

SARONSBURG FULL CIRCLE 2019 TULBAGH

Red Wine

Alternative Style Blends

KELDERMEESTER VERSAMELING PROF 2017 CAPE COAST

750

This blend comprises 60% Cinsaut and 40% Pinot Noir. The inspiration for this wine is an effort to find out what Professor Abraham Perold had in mind when he created Pinotage by crossing Cinsault and Pinot Noir in 1925. This wine has a prevailing sense of freshness and lightness in body, an expressive fruit spectrum that leans towards tangy sour cherry and ripe red fruit. A soft and delicate palate with fundamental complexity rounds off seamlessly to a refreshing finish.

RESERVE 2019 JONKERSHOEK, STELLENBOSCH

85 | 320

The Lanzerac Jonkershoek Reserve is a red blend to express the unique terroir of the Jonkershoek Valley.

This expressive Cabernet-based blend is packed with aromas of black cherry, chocolate, spice and hints of cassis. Juicy and lingering aftertaste with a well-integrated tannin structure.

EIKENDAL CHARISMA 2021 STELLENBOSCH

390

The Charisma is an ingenious creation and red blend living up to its name. The Shiraz (Rhône Valley) lends a tight, fresh structure with aromatic and seasoned undertones. Petit Verdot (Bordeaux) contributes a rich berry character and the Sangiovese, in true Italian style, adds fruity flavours with flair on the palate. The result is a bold, charming, seductive and ultimately elegant wine.

NICOLAS VAN DE MERWE 'MAS NICOLAS' 2009/13 STELLENBOSCH

1 200

An elegant wine with great depth. On the nose it expresses aromas of dark berries, flowers and some earthiness. The palate is dominated by black fruit, plum and savoury meat flavours. The perfectly judged oak influence is precise and supports the fruity, spicy finish.
